

Our team is growing!

Are you looking for autonomy in your job while working with the support of a multidisciplinary team? Are you looking for a leadership opportunity in your area of special interest?

Instil Physio is a physiotherapy owned practice and we are looking to add a **Part-Time or Full-Time Pelvic Health Registered Physiotherapist** to our team! We want to add pelvic health physiotherapy to our clinic and are looking for a candidate who is interested in a leadership role within this field and building this service at our clinic.

The Preferred Candidate:

- Level 1, 2 or higher for pelvic floor PT is required
- Education in both incontinence and pain related disorders
- Ability to work autonomously in a supportive environment
- Ability to provide one-on-one client care
- Committed to professional development in Pelvic Health
- Evidence of a committed, quality work ethic and is personable with clients and colleagues
- Ability to build a caseload as this is a new service at our clinic
- Ability to work in a leadership role building this service stream at Instil Physio (marketing, community education, team education, etc).

The successful candidate would have the opportunity to build this service at our clinic. We currently provide service to many female athletes pre and post -partum and are looking to add this service to better help the population we serve and collaborate in their care.

Mentorship for Neurofunctional Acupuncture and the Neurofunctional Medicine approach is available if that is of interest to the successful candidate.

Independent contractor or employee options available.

For more details and to apply please contact Micaela at micaela@instilphysio.ca, 519-840-0784 x2. Please send your resume if interested in applying.
